

West Tiger Mountain Issaquah, Washington

Legend

-  Tiger_Mtn_Trx
-  50ft Contour

Only 30 minutes from downtown Seattle, West Tiger Mountain is one of Washington's most hiked mountains. While Tiger's popularity is due in large part to its location within 30 minutes of Seattle, summit views of Puget Sound and the Olympic Mountains to the west and the central Cascades to the east make the trek well worth the effort.
